

UCA0161

Technical Datasheet

Features

- High power vehicle adapter enabling the use of UCH0057, UCH0057-01US, and UCH0057-01EU
- For use in an automotive environment

Applications

- Voltage boost vehicle adapter
- Higher power vehicle adapter is intended for use with military vehicles. Commercial vehicles may not provide enough power.

Technical Specifications

Part No	UCA0161
Input Voltage	12 - 16V
Input Current	11.5A max
Output Voltage	24VDC \pm 2.4V
Output Current	5A
Output Power	120W max
Connector	Input: lighter adapter Output: female (2.5mm x 5.5mm x 10mm) center positive straight type
Size	90mm (3.5in) x 57.4mm (2.3in) x 29.13mm (1.1in) With cable extended: 1.6m (64in)
Color	Case: ABS GSM / Black
Weight	219g (7.7oz)
Protection	10A (slow blow) fuse
